

Our mission is to
improve the health
of millions of people
worldwide

Table of contents

Peer-Reviewed Journal Articles	2
Books/Book Chapters	40
Media, and Reports to Government and Non-Government Organisations	41
Conference Proceedings/Abstracts	42
Conference Presentations	45
Collaborating Organisations	57

The George Institute for Global Health is a global, not-for-profit medical research organisation, affiliated with leading academic partners, with major centres in Australia, China, India and the United Kingdom.

Our mission is to improve the health of millions of people worldwide.

Our mission is to improve the health of millions of people worldwide
Over 500 staff globally
Centres in Australia, China, India, the United Kingdom and global offices

Projects in over 50 countries
More than 5,800 publications
Research focused on changing policy and practice

Over 1100 collaborators, from local hospitals to world leading academic institutions
Raised over \$550 million for health and medical research
A unique funding model assisted by our enterprises

Tackling the leading causes of death and disability—chronic disease and injury
Ranked among the top 10 research institutions in the world for scientific impact
